

ANTI-AGING SCALP RENEWAL

DAILY SCALP TREATMENT FOR STRONGER AND FULLER HAIR

An apple a day keeps the doctor away – **Advanced Apple Stem Cell technology** is just what the doctor ordered.

When hair ages it is structurally weaker, is more prone to tangling, is rougher in texture and turns gray. What if you could slow the aging process and enhance hair's youthful appearance? Rare apples rich with phytonutrients and proteins combined with lavender oil, work at the cellular level to stimulate and regenerate dormant hair follicles. These super resilient cells can replace damaged ones, allowing hair to grow healthier, providing thicker and fuller hair with plenty of body and bounce! Super fruit and plant extracts help to prep the scalp by removing buildup and stimulating blood flow to further aid in hair growth.

Size: 1 fl oz (30 ml)

KEY INGREDIENTS:

♣ Roccoil Xotic Oil Complex ♣ Apple Stem Cell ♣ Menthol ♣ Chamomile
♣ Citric Acid

HOW TO USE:

1. Cleanse and condition hair with the Rocco Donna Professional Sulfate-Free Moisturizing Shampoo and Conditioner.
2. Towel dry hair.
3. Part hair into 4 large sections (front to back, ear to ear) and apply the Anti-Aging Scalp Renewal onto the scalp.
4. Massage for 1-3 minutes or until the scalp has fully absorbed the liquid. Do not rinse and style as desired.

Note: For better results apply every night for 30 nights, there is no need to rinse before or after you apply the product.
