

# HAIR BEAUTY DOSE TREATMENT COMPLETE DUO

## HAIR BEAUTY DOSE TREATMENT + SCALP STIMULATOR

A complete in-salon treatment that transforms hair from scalp to ends.

**FOR PROFESSIONAL USE ONLY**

**Step 1-** With dry hair, prep the scalp with the Rocco Donna Professional Scalp Stimulator, which gently exfoliates, removing build-up around the hair follicles and stimulates circulation for hair growth and stronger roots. Natural Jojoba, Argan, Lavender and Sunflower oils moisturize to balance pH levels and reduce excessive oil production by the scalp. Vitamin B5 and Soy Proteins promote thicker and improved hair texture.

**Step 2-** Treat strands with the Rocco Donna Professional Hair Beauty Dose Treatment. This superior revitalizing formula delivers powerful damage reversal, moisture and shine. Doses of Virgin Coconut and Tahitian Monoi Oil work together to stimulate hair growth, penetrating deep to prevent hair breakage, split ends and reduce frizz. Essential nourishing vitamins and keratin proteins fortify for instant improvements after just one stylist prescribed dose.
